

E-bulletin No. 39 - September 2013

VII South-American Natural Grasslands Ranchers Meeting

Guyra Paraguay on behalf of The Grasslands Alliance is hosting the VII Natural Ranchers Meeting in San Ignacio Guazu, Paraguay - 1 & 2 November 2013. The main themes of the Event will be: "Experiences of sustainable production and management of natural grasslands" and "Incentives for natural grasslands conservation"

Participants will include researchers, farm professionals, authorities and farmers of the four countries (Argentina, Brazil, Paraguay and Uruguay) that take part in the Grasslands Alliance, as well as other international guests.

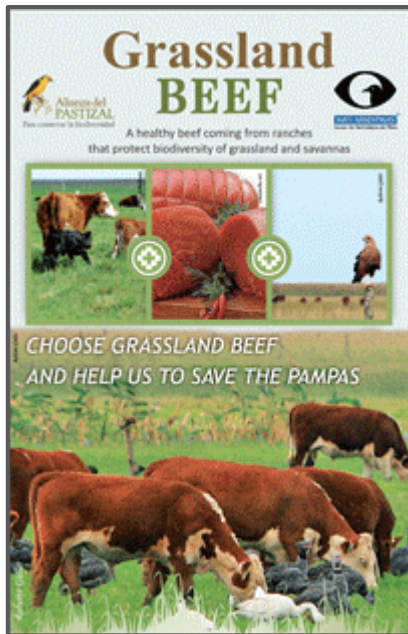

For enquiries to participate: alianzadelpastizal@gmail.com

Call for posters for the VII South-American Natural Grasslands Ranchers Meeting

The Organizing Committee of the VII South-American Natural Grasslands Ranchers Meeting invites researchers, professionals, institutions, organizations and farmers to present posters that contain their work and experiences on the following themes:

- **Natural Grasslands Conservation**
- **Natural grasslands farming systems**
- **Natural Grasslands Biodiversity**
- **Migratory birds**
- **Nature Tourism**

Grassland Beef present in ANUGA, Germany

Grassland Beef will be present on the 32nd edition of the Food and Beverage Sector Fair that takes place every two years in Kölnmesse Cologne (Germany). Between the 5th and 9th of October 2013, Dr. Gustavo Marino, from Aves Argentinas-Grasslands Alliance will be present at a Stand that will highlight the qualities of pampas grassland beef.

Together with Sial Paris, Anuga is the most renowned international fair for the Agro & Food sector and it is directed to professional public.

More information at: www.anuga.com

Aves Uruguay present at 7° TURAP

As part of the Organizing Committee, Aves Uruguay was present at the 7° Meeting of Rural tourism on Natural Protected Areas that took place in Maldonado, Uruguay. Simultaneously, the VI Congress of National Protected Areas took place.

The objective of the meeting was to evaluate results and advances of conservation and tourism initiatives on rural and natural areas since the implementation of the National System of Protected Areas and how these have contributed to the sustainable development goals of the country.

The main axis of the Event were:

- Planning and Management for conservation: realities and advances
- Governance and stakeholders: importance for management
- Knowledge Management and action
- Tourism in rural and natural spaces
- Capacity building and education for conservation

Video Meet produced on free grass

In Brazil, on the grasslands of Rio Grande do Sul, cattle is produced sustainably.

The "Rede O Globo" produced a video focusing the qualities of the beef produced on natural grasslands, in the Pampa Biome, where the Grasslands Alliance develops its activities.

We invite you to watch it.
